**Distribution of USAREUR Command Policy
Letters, Command Memorandums, and the
USAREUR Bulletin**

USAREUR no longer distributes paper copies of USAREUR command policy letters, command memorandums, and the USAREUR Bulletin. To minimize the time it takes for commanders to receive these items, the United States Army Publications Distribution Center, Europe (USAPDCE), distributes them to unit publications clerks through the USAREUR Publications System (UPUBS).

To receive USAREUR command policy letters, USAREUR command memorandums, and the USAREUR Bulletin, heads of organizations are required to--

- Appoint a publications clerk in writing.
- Ensure that the publications clerk has entered a correct e-mail address in UPUBS. Clerks may register e-mail addresses through the setup option on the [UPUBS website](#).
- Provide the clerk written instructions for further e-mail distribution of policy documents within the organization.

Publications clerks who have not used UPUBS will contact customer service at USAPDCE (DSN 320-2816 or civ 069-78909816).

Price Challenges

The Logistics Support Activity no longer accepts challenges to prices of Federal Logistics (FED LOG) supply items by e-mail, telephone, or fax. Personnel who want to submit price challenges may do so through the [WebLOG website](#).

Users need Netscape 4.75 or Internet Explorer 5.01 or higher to use this website. No password is required. To submit price challenges through this website, users must--

- Select Logistics Data Management.
- Click on the drop-down menu and select Price Challenge Form.
- Click on Price Challenge (on the right side of the screen).
- Complete the form.
- Click on the Submit button.

Requests for Research

The Operations, Plans, and Training Analysis Branch, Plans Division, Office of the Deputy Chief of Staff, Operations, HQ USAREUR/7A, operates the USAREUR Lessons Learned Operating System (ULLOS) and the USAREUR Virtual Research Center (UVRC). The UVRC, which is linked to the Center for Army Lessons Learned Virtual Research Library, offers a "request for research" (RFR) service. Commanders, staff officers, and soldiers at all levels may submit RFRs to obtain information related to official military planning, training, and operational missions.

Examples of recent RFRs include requests for the following items:

- A summary of unit-deployment lessons-learned trends.
- African-operations lessons learned.
- Good News stories from recent peacekeeping operations.
- Military occupational specialty (MOS) descriptions.
- Unit lineage and historical information.

RFRs--

- May be submitted by telephone (370-6863/6543) or by e-mail (ullos@hq.hqusareur.army.mil).
- Should include the following information:
 - Requester's name.
 - Office or unit.
 - Telephone number.
 - E-mail address.
 - Suspense (if necessary).
 - A detailed description of the requested information. RFRs should be as specific as possible to help the researcher look for the information.
 - The desired product (for example, abstract, Army publication, information paper, report, source list).
- Usually are answered within 1 or 2 hours. Requests for trend analysis require 1 or 2 days.

The [ULLOS webpage](#) provides more information on submitting RFRs.

LOG 90

LOG 90 (Unit Supply Operations Course) is designed for USAREUR unit-level supply clerks and supervisors who do not have military occupational specialty (MOS) 92Y. This course is offered by the Seventh Army Training Command (7ATC) to teach soldiers how to manage a supply room effectively. The course includes 21/2 days of training on manual supply procedures and 21/2 days of hands-on computer training using the Unit-Level Logistics System-S4 (ULLS-S4). Soldiers who want to attend this course must--

- Be assigned or scheduled for assignment as a unit supply clerk or unit supply sergeant.

- Have little or no knowledge of supply procedures.
- Have the rank of staff sergeant or below and a primary MOS other than 92Y.

The [7ATC Homepage](#) provides course dates.
